

# GeoSpark Sales Partner Opportunity

---

## What is GeoSpark?

**GeoSpark** creates AI-powered social media content for local businesses—automatically. We solve the #1 problem local business owners face: *they need social media, but have zero time to do it.*

Our AI writes and schedules engaging posts about their services, local events, and community. Business owners spend **5 minutes a week** reviewing content. That's it.

Plan	Price	Target Customer
Starter	\$29/mo	Solo businesses
Pro	\$79/mo	Growing businesses, multiple locations
Premium	\$179/mo	Agencies, multi-location businesses

**Target Market:** Plumbers, HVAC, electricians, salons, restaurants, contractors, dentists—any local service business.

## Why Do They Need This?

- **70% of consumers** check social media before calling a local business
- Business owners already work **50-60 hours/week**—no time for content
- Marketing agencies cost **\$1,000-5,000/month**—too expensive
- DIY takes **5-10 hours/week**—time they don't have

*GeoSpark = Professional presence at \$29-79/month with 5 min/week effort.*
